Would you really consider shortchanging your permanent global brand by skipping the perfect .Com and letting someone else dominate online forever, and potentially offline? That would be a very costly mistake for your family's future and for the other stakeholders of your entity; everyone similarly situated regrets it.. For serious companies and marketing executives, attracting just one new lifetime customer, business partner, or employee, leveraging a premium domain, will justify this excellent long-term investment. But in fact, your DomainMarket.com sourced super premium domain is likely to rake in many valuable new customers and opportunities in the long run that normally couldn't or wouldn't find you. Compared to the risk and sunk costs of traditional advertising channels, or newer online advertising methods, this is clearly a huge home run. Other types of advertising are not resellable assets like domains, with long term investment opportunity; other advertising investments are all very risky comparatively, and are mostly wasted if you think about it..
